## **DETAILED ACTION**

### ***Priority***

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 13, 17, and 22 are rejected under 35 U.S.C. 102(b) as being anticipated by Gillespie #5,586,839. Gillespie discloses a yieldable grouted rock bolt 10 comprising grout engaging anchors 62 that comprise two substantially identical parts clamped together over the tendon. The clamping of the anchors would form a pinch point.

### ***Allowable Subject Matter***

4. Claims 1-12, 19-21 and 25-59 are allowed.
5. Claims 14-16, 18, 23, and 24 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

6. Applicant's arguments filed 11/22/04 have been fully considered but they are not persuasive. It would appear that upon a load that would allow the tendon to yield that the tendon is capable of slipping or passing through the anchor.

***Conclusion***

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Keeler et al '292 and Stankus '482 would appear to also read on claims 13 and 22 as broadly recited.

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
